## Extension of Time for Filing a Colorado C Corporation Income Tax Return

### General Information

Corporate income tax returns are due 3½ months after the end of your tax year, or by April 18, 2017 for traditional calendar year filers. If you are unable to file by your prescribed due date, you may file under extension. This will allow you an additional 6 months to file your return, or until Monday October 16, 2017 for traditional calendar year filers. However, the extension to file does not allow you to extend your payment due date. You must pay at least 90% of your tax liability by the original due date of your return (or April 18th) and the remainder by the filing extension due date (or October 16th) to avoid delinquent payment penalties.

### Penalties and Interest

If the 90% rule is not met by the original due date, then delinquent penalty and interest will be assessed when you file your return. If 90% or more of your tax liability is paid by the original due date, and the remaining balance is paid by the extension due date, no penalty will be assessed. However, you will be billed interest, but only on the amount

being paid by the extension due date.

If after the original due date, you determine that you underpaid your extension payment you should pay the additional tax as soon as possible to avoid further accumulation of penalty and/or interest.

### Pay Online

Visit [www.Colorado.gov/RevenueOnline](http://www.Colorado.gov/RevenueOnline) to pay online. Online payments reduce errors and provide instant payment confirmation. Revenue Online also allows users to submit various forms and to monitor their tax account. DR 0158-C is not required if an online payment is made. Please be advised that a nominal processing fee may apply to non-EFT online payments (e-check or credit card payments).

### Pay by Electronic Funds Transfer (EFT)

EFT Debit and EFT Credit options are free services offered by the Department. EFT services require pre-registration before payments can be made. Visit [www.Colorado.gov/revenue/eft](http://www.Colorado.gov/revenue/eft) for more information.

## Instructions For Completing Form 112 S Corporations use Form 106

This filing guide will assist you with completing this Colorado Income Tax Return. Once you finish the form, file it with a computer, smartphone or tablet at [www.Colorado.gov/RevenueOnline](http://www.Colorado.gov/RevenueOnline), our free and secure Revenue Online service. Or, you may file using private e-File software or with a paid tax preparer. If you cannot file electronically for any reason, mail the enclosed forms as instructed.

Please read through this guide before starting your return. All Colorado forms and publications referenced in this guide are available for download at [www.TaxColorado.com](http://www.TaxColorado.com) — the official Taxation Web site.

### Filing Requirements

Each C corporation doing business in Colorado, or those who derive income from Colorado sources, must file this return. Organizations that have been granted tax exempt status by the IRS are generally exempt from Colorado taxation. However, those tax exempt entities that file federal Form 990-T to report unrelated business taxable income from Colorado sources or from business activity in Colorado are subject to Colorado taxation and are required to file Form 112. Any insurance company subject to the tax imposed on gross premiums by §10-3-209, C.R.S. is exempt from Colorado income tax.

### Due Date

Corporate income tax returns are due **April 18, 2017** for traditional calendar year filers. If you are unable to file by your prescribed due date, you may file under extension. See Form DR 0158-C for more information about filing extensions.

### Estimated Tax

Every C corporation subject to Colorado income tax must file Form 112EP, if it can reasonably expect the net tax liability to exceed \$5,000 during the taxable year. See publication FYI Income 51 for more information.

### Accounting Period and Method

The accounting period and method for Colorado income tax must be the same accounting period and method as used for federal income tax.

### Account Numbers

The Colorado Account Number (CAN) is 8 digits and must be listed in addition to the Federal Employer Identification Number (FEIN) on any form where requested. The CAN used on this form is usually the same number that is found on sales tax licenses and forms related to wage withholding.

## Line-by-Line Instructions

First, complete the federal income tax return to be filed with the IRS. You will use information from that return to complete the Colorado income tax return.

### Section A

Mark the appropriate box related to your apportionment method. Corporations doing business in multiple states must apportion their taxable income to each state in which they conduct business. This ensures the tax is paid to the state in which the income is earned and taxable, and eliminates double taxation. We recommend that you read publication FYI Income 59 for more information. Generally, income is apportioned using the single sales factor.

- **Not Apportioning**

The C corporation conducts business only in the state of Colorado. Tax will be calculated on 100% of the Colorado taxable income.

- **Single Sales Factor**

All business income must be apportioned using a single factor: sales. Nonbusiness income may either be directly allocated to the appropriate state or treated as business income, subject to the single sales factor. Schedule SF is required if using this method and can be completed by clicking the appropriate edit button on Revenue Online. Otherwise, submit via the e-Filer Attachment on Revenue Online or send with the paper return.

- **Gross Receipts**

The C corporation that performs no Colorado activities other than making sales, that does not own or rent real estate within Colorado borders, and that generates annual Colorado gross sales of \$100,000 or less, may elect to pay tax on 0.5% of the annual Colorado gross receipts – in lieu of paying the normal income tax. We recommend that you read publication FYI Income 58 if this applies to you. If using this method, you must enter the annual Colorado gross receipts on line 17, the calculated 0.5% tax on line 18, and enter “gross receipt tax” next to each of these two lines.

- **Other Apportionment Method**

When Colorado apportionment methods do not fairly measure the Colorado-source income, the corporation may request (or the Department might require) an alternative apportionment method.

### Section B

Mark the appropriate box to designate a separate, consolidated, or combined return.

There are four possible filing alternatives for C corporations. We recommend that you read publication FYI Income 60 for additional information.

- **Separate**

This designation is for a single corporation, regardless of its membership in an affiliated

group. A single corporation cannot use this filing alternative if it elects to be part of a consolidated return or if it is required to be included in a combined filing.

- **Consolidated**

This designation is for affiliated members of a group of corporations defined by §1504 Internal Revenue Code. However, only those members conducting business in Colorado can be included in the consolidated return. This filing alternative is binding for four years and requires consent of the Colorado members of the group. Filing such a return shall be deemed consent.

- **Combined**

This designation is for affiliated members of a group of corporations defined by §39-22-303, C.R.S. that meets at least half of the six-part intercompany business relationship test for this year and the preceding two years. This is a required filing alternative.

- **Combined/Consolidated**

This designation is for an affiliated group filing a combined return, but who has a member that filed a federal consolidated return with another corporation, and the other corporation is conducting business in Colorado but is not otherwise eligible to be included in the combined report.

## Taxable Income

### Line 1

Enter the federal taxable income (or loss) from IRS Form 1120 or 990-T.

### Line 2

Enter any amount from line 1 that is attributed to affiliated corporations that are not included in this consolidated or combined return.

### Line 3

This line is automatically calculated by Revenue Online, or subtract line 2 from line 1 if filing a paper return. This reflects the taxable income of the federal pro-forma return included on the Colorado form.

## Additions

### Line 4

Enter any federal net operating loss deduction claimed in the computation of the federal taxable income. We recommend that you read publication FYI Income 19 if this applies to you.

### Line 5

Enter any Colorado income tax claimed as a deduction in the computation of the federal taxable income.

### Line 6

Enter the sum of all other qualifying additions. For this line, you must further explain your basis for this adjustment. If you are using Revenue Online, submit this explanation to

your return electronically with the E-Filer Attachment option. Otherwise, use the Form DR 1778 or attach a written statement to your paper return. We recommend that you read publication FYI Income 58 if this applies to you:

- Interest income – the amount of state or municipal obligations that were not included in federal taxable income. DO NOT include bond premium amortization, or any interest earned from bonds issued by any state or political subdivision, excluding any bonds issued by the State of Colorado or its political subdivisions on or after May 1, 1980. Qualifying interest shall be net of any expense required to be allocated thereto by the Internal Revenue Code for federal income tax purposes. See publication FYI Income 52 for more information.
- Foreign-source income – the amount of any income, war profits, or excess profits taxes paid or accrued to any foreign country or to any possession of the United States that were claimed as a deduction on the federal return.
- Gross Conservation Easement charitable contribution – Any charitable deduction taken on the federal return for a gross conservation easement that has also been claimed for a Colorado tax credit. Complete Form DR 1305 Part D.

### Line 7

This line is automatically calculated by Revenue Online, or enter the sum of lines 3 through 6 if filing a paper return.

## Subtractions

### Line 8

Enter any income that is included on line 1, which is derived from any U.S. government bond interest and any interest or dividend income on obligations securities of any authority, commission, or instrumentality of the United States to the extent that such income is exempt from state taxation by federal law. We recommend that you read publication FYI Income 20 if this applies to you.

### Line 9

Enter any income that is included on line 1, which is derived from foreign income that qualifies as excludable foreign-source income. Excludable foreign-source income means taxable income from sources outside the United States as used in §862 of the Internal Revenue Code. Excludable foreign-source income shall also be omitted in determining the Colorado sales factor on Schedule SF.

We recommend that you read publication FYI Income 58 if these conditions apply to you:

- The corporation has elected to claim foreign tax paid or accrued as a deduction on the federal income tax return and therefore the Colorado exclusion can equal that of the federal deduction.

- The corporation has elected to claim foreign tax paid or accrued as a credit on the federal income tax return and therefore the Colorado exclusion is calculated by excluding section 78 dividend gross up from the total foreign-source income, then multiplying by a fraction, the numerator of which is the federal foreign tax credit, and the denominator being the foreign-source income (excluding section 78 dividend gross up), multiplied by the effective federal corporation income tax rate (federal corporate income tax divided by federal corporate taxable income). Excludable foreign-source income may not exceed total foreign-source income excluding section 78 dividend gross up. Foreign-source income from a foreign corporation with an affiliated group of corporations shall be determined without regard to §882(a)(2) of the Internal Revenue Code.
- Colorado income tax refund—the amount of any Colorado income tax refund that was included on line 3.
- Gross up provisions—the amount of any IRC section 78 gross up provisions that was included on line 3.
- Various credits—the amount of any salary or wage expense that was not allowed as a federal deduction by the IRS due to the provisions of the Indian employment credit, work opportunity credit, empowerment zone employment credit, orphan drug credit, the credit for increasing research activities, employee retention credit, welfare-to-work credit, or mine rescue team training credit.

**Line 13**

This line is automatically calculated by Revenue Online, or enter the sum of lines 8 through 12 if filing a paper return.

**Taxable Income****Line 14**

This line is automatically calculated by Revenue Online, or calculate your modified federal taxable income by subtracting line 13 from line 7 if filing a paper return.

**Line 15**

This line is automatically calculated by Revenue Online, or enter the Colorado taxable income. For those filing a paper return, this amount is transferred from line 14 if not apportioning income. Otherwise, corporations that are apportioning income, this amount shall be transferred from line 16 of Schedule SF.

**Line 16**

Enter the Colorado net operating loss deduction. This amount is calculated in the same manner as the federal net operating loss deduction, except that in the case of a corporation apportioning income, it is the part of the federal net operating loss (as modified) that is from Colorado sources. Colorado net operating losses may be carried forward 20 years for tax years beginning on or after August 6, 1997. They may not be carried back. Federal limitations on carryover losses between predecessor and successor corporations apply to Colorado income tax as well. We suggest that you read publication FYI Income 19 if this applies to you.

**Line 17**

This line is automatically calculated by Revenue Online, or calculate your Colorado taxable income by subtracting line 16 from line 15 if filing a paper return.

**Tax****Line 18**

Calculate your Colorado tax. This is automatically entered by Revenue Online. If filing a paper return, multiply line 17 by the tax rate of 4.63%.

**Credits****Line 19**

Complete Form 112CR to calculate this line. If you are using Revenue Online, this field will automatically populate

**Line 10**

Enter up to \$100,000 of any income that is included on line 1, which is derived from Colorado-source capital gain. This is income earned from the sale of real or tangible personal property that is located in Colorado, was acquired on or after May 9, 1994, and was continuously held for at least 5 years prior to the transaction date from which the capital gains arise.

Complete and submit Form DR 1316. Revenue Online allows you to directly enter Form DR 1316 by clicking the EDIT button. Paper filers should attach this form to their return. Take precaution to completely fill out every field of this form. Be as detailed as possible, especially when providing property descriptions, ownership, and dates of acquisition and sale.

**Line 11**

For Colorado-licensed marijuana businesses, list any expenditure that is eligible to be claimed as a federal income tax deduction but is disallowed by section 280E of the Internal Revenue Code because marijuana is a controlled substance under federal law.

To calculate this deduction, you must create pro forma federal schedule(s) for Business Profit or Loss as if the federal government would have allowed the expenditures from the marijuana business. The Colorado deduction shall be the difference between the profit/loss as calculated on the ACTUAL schedule(s) filed with the federal return and the pro forma schedule(s) described above. You must attach both the pro forma schedule(s) and the actual schedule(s) to your Colorado return to receive this deduction.

**Line 12**

Enter the sum of all other qualifying subtractions. For this line, you must further explain your basis for this adjustment. If you are using Revenue Online, submit this explanation to your return electronically using the E-Filer Attachment option. Otherwise, use Form DR 1778 or attach a written statement to your paper return.

We recommend that you read publication FYI Income 58 if these subtractions apply to you:

when you complete the Form 112CR, or transfer the amount of nonrefundable credits from line 27 of Form 112CR if filing a paper return.

**Line 20**

Use your tax software, Revenue Online or Form DR 1366 to calculate the total amount of nonrefundable enterprise zone credits being used to offset the current year tax liability. The total nonrefundable enterprise zone credit used cannot exceed the amount of line 18.

**Line 21**

Subtract the sum of lines 19 and 20 from line 18.

**Line 22**

Corporations required to recapture federal investment credits with respect to Colorado assets must recapture the “old” Colorado investment credits as well. Include any investment credit recapture, historic property preservation credit recapture, low income housing credit recapture, or any other credit recapture. Submit an attachment through Revenue Online or a paper statement to your mailed return that itemizes each recaptured amount calculated for this line.

**Line 23**

Enter the sum of lines 21 and 22 if filing a paper return.

**Line 24**

Carefully review payment records before completing this line. Use Revenue Online ([www.Colorado.gov/RevenueOnline](http://www.Colorado.gov/RevenueOnline)) to verify estimated taxes paid on the account. Doing so will reduce processing delays. Enter the amount of credit for prepayments. Include the sum of the following on line 24:
