Please review FYI General 11 for more information on penalty and interest.

S Corporations use the DR 0106

This filing guide will assist you with completing your Colorado Income Tax Return. Please read through this guide before starting your return. Once you finish the form, file it with a computer, smartphone or tablet using our free and secure Revenue Online service at Colorado.gov/RevenueOnline. You may also file using private e-File software or with a paid tax preparer. You significantly reduce the chance of errors by filing your return electronically. If you cannot file electronically for any reason, mail the enclosed forms as instructed on the cover page of this booklet. All Colorado forms and publications referenced in this guide are available for download at Tax.Colorado.gov – the official Taxation website.

Filing Requirements

Each C corporation doing business in Colorado, or those who derive income from Colorado sources, must file this return. Organizations that have been granted tax-exempt status by the IRS are generally exempt from Colorado taxation. However, those tax exempt entities that file federal Form 990-T to report unrelated business taxable income from Colorado sources or from business activity in Colorado are subject to Colorado taxation and are required to file the DR 0112. Any insurance company subject to the tax imposed on gross premiums by §10-3-209, C.R.S. is exempt from Colorado income tax.

Due Date

Corporate income tax returns are due **April 15, 2021** for traditional calendar year filers. If you are unable to file by your prescribed due date, you may file under extension. See the DR 0158-C for more information about filing extensions.

Estimated Tax

Every C corporation subject to Colorado income tax must file the DR 0112EP, if it can reasonably expect the net tax liability to exceed \$5,000 during the taxable year. See the Corporate Income Tax Guide for more information.

Accounting Period and Method

The accounting period and method for Colorado income tax must be the same accounting period and method as used for federal income tax.

Account Numbers

The Colorado Account Number (CAN) is 8 digits and must be listed in addition to the Federal Employer Identification Number (FEIN) on any form where requested. The CAN used on this form is usually the same number that is found on sales tax licenses and forms related to wage withholding.

Line-by-Line Instructions

First, complete the federal income tax return to be filed with the IRS. You will use information from that return to complete the Colorado income tax return.

Section A

Mark the appropriate box related to your apportionment method. Corporations with income from business activity

that is taxable both within and without Colorado must apportion their income in order to calculate their Colorado tax. We recommend that you read the Corporate Income Tax Guide for more information. Generally, income is apportioned using the single sales factor.

- **Not Apportioning**

The C corporation has no income from business activity outside of Colorado. Tax will be calculated on 100% of the Colorado taxable income.

- **Receipts Factor**

All business income must be apportioned using a single factor: receipts. Nonbusiness income may either be directly allocated to the appropriate state or treated as business income, subject to the single receipts factor. The DR 0112RF is required if using this method and can be completed by clicking the appropriate edit button on Revenue Online. Otherwise, submit via the e-Filer Attachment on Revenue Online or send with the paper return.

- **Gross Receipts**

The C corporation whose only activities in Colorado consist of making sales, that does not own or rent real estate within the State of Colorado, and that generates annual Colorado gross sales of \$100,000 or less, may elect to pay tax on 0.5% of the annual Colorado gross receipts – in lieu of paying the normal income tax. We recommend that you read the Corporate Income Tax Guide if this applies to you. If using this method, you must enter the annual Colorado gross receipts on line 18, the calculated 0.5% tax on line 19, and enter “gross receipt tax” next to each of these two lines.

- **Other Apportionment Method**

When Colorado apportionment methods do not fairly measure the Colorado-source income, the corporation may request (or the Department might require) an alternative apportionment method.

Section B

Mark the appropriate box to designate a separate, consolidated, or combined return.

There are four possible filing alternatives for C corporations. We recommend that you read the Corporate Income Tax Guide for additional information.

- **Separate**

This designation is for a single corporation, regardless of its membership in an affiliated group. A single corporation cannot use this filing alternative if it elects to be part of a consolidated return or if it is required to be included in a combined filing.

- **Consolidated**

This designation is for members of an affiliated group of C corporations, as defined by section 1504 of the Internal Revenue Code. However, only those members doing business in Colorado, as defined in Regulation 39-22-301.1, can be included in the consolidated return. This filing alternative

is binding for four years and requires consent of the Colorado members of the group. Filing such a return shall be deemed consent.

- **Combined**

This designation is for members of an affiliated group of C corporations, as defined by §39-22-303(12), C.R.S., that meet at least three of the six-part intercompany business relationship tests for this year and the preceding two years. This is a required filing alternative.

- **Combined/Consolidated**

This designation is for group of C corporations including some members required to file a combined report and other members not required to be included in the combined report, but electing to be included in a consolidated filing along with those members included in the combined report.

Federal Taxable Income

Line 1

Enter the federal taxable income (or loss) from federal Form 1120 or 990-T.

Line 2

Enter any amount from line 1 that is attributed to affiliated corporations that are not included in this consolidated or combined return.

Line 3

Subtract line 2 from line 1. This reflects the taxable income of the federal pro-forma return included on the Colorado form.

Additions

Line 4

Enter any federal net operating loss deduction claimed in the computation of the federal taxable income. We recommend that you read the Corporate Income Tax Guide if this applies to you.

Line 5

Enter any Colorado income tax claimed as a deduction in the computation of the federal taxable income.

Line 6

Taxpayers who claimed a deduction for business interest under section 163 of the Internal Revenue Code are required to add to federal taxable income any additional deduction allowed as a result of the federal

CARES Act (Public Law 116-136). The amount of the addition is equal to the difference (if any) between the amount the taxpayer actually claimed as a deduction on the federal return (the "amount claimed"), and the amount the taxpayer could have claimed if the CARES Act did not amend section 163(j) (the "amount allowed"). The amount claimed will normally be found on line 30 of IRS form 8890.

In general, calculating the amount allowed will require an adjustment to the applicable percentage, used in calculating line 26 of IRS form 8890, from 50% to 30%. Additionally, taxpayers who made an election under section 163(j)(10)(B) to use 2019 adjusted taxable income

for taxable years beginning in 2020 must use adjusted taxable income for 2020 to calculate the amount allowed. Other special rules may apply to particular taxpayers, and taxpayers should review section 163(j) of the Internal Revenue Code and section 2306 of the CARES Act for further information.

Line 7

Enter the sum of all other qualifying additions. For this line, you must further explain your basis for this adjustment. If you are using Revenue Online, submit this explanation to your return electronically with the E-Filer Attachment option. Otherwise, use the DR 1778 or include a written statement with your paper return. We recommend that you read the Corporate Income Tax Guide if this applies to you:

- Bond interest – the amount of any interest, less any amortization of premium, earned from bonds issued by any state or political subdivision, excluding any bonds issued by the State of Colorado or its political subdivisions on or after May 1, 1980. Calculate the appropriate amount as the net of amount after reduction by the amount of the deductions allocated to such interest income under the Internal Revenue Code. We recommend that you read publication FYI Income 52 if this applies to you.
- Foreign-source income – the amount of any income, war profits, or excess profits taxes paid or accrued to any foreign country or to any possession of the United States that were claimed as a deduction on the federal return.
- Gross Conservation Easement charitable contribution – Any charitable deduction taken on the federal return for a gross conservation easement that has also been claimed for a Colorado tax credit. Complete the DR 1305 Part D.

Line 8

Enter the sum of lines 3 through 7.

Subtractions

Line 9

Enter any income that is included on line 3, which is derived from any U.S. government bond interest and any interest or dividend income on obligations securities of any authority, commission, or instrumentality of the United States to the extent that such income is exempt from state taxation by federal law. We recommend that you read publication FYI Income 20 if this applies to you.

Line 10

Enter any foreign source income that is included on line 3 that qualifies for exclusion pursuant to § 39-22-303(10), C.R.S. and the regulation promulgated thereunder.

Line 11

Enter any income that is included on line 3 that qualifies for the Colorado capital gain subtraction. The maximum allowable subtraction is \$100,000.

You must complete and submit the DR 1316 with your return. Take precaution to completely fill out each item of this form. Be as detailed as possible, especially when providing property descriptions, ownership, and dates of acquisition and sale.

Line 12

For Colorado-licensed marijuana businesses, enter any expenditure that is eligible to be claimed as a federal income tax deduction but is disallowed by section 280E of the Internal Revenue Code because marijuana is a controlled substance under federal law.

To calculate this deduction, you must create pro forma federal schedule(s) for Business Profit or Loss as if the federal government would have allowed the expenditures from the marijuana business. The Colorado deduction shall be the difference between the profit/loss as calculated on the ACTUAL schedule(s) filed with the federal return and the pro forma schedule(s) described above. You must include the pro forma schedule(s), the MED license number and the actual federal schedule(s) with your Colorado return to receive this deduction.

Line 13**Agricultural Asset Lease Deduction**

Enter the certificate number (YY-###) for the deduction certificate that was provided by the Colorado Agricultural Development Authority (CADA). If you received more than one certificate you must file electronically. Enter the amount of the deduction on this line. The amount of deduction allowed to a qualified taxpayer may not exceed \$25,000. You must submit a copy of each certificate with your return.

Line 14

Enter the sum of all other qualifying subtractions. For this line, you must provide a detailed explanation for any subtraction claimed. The explanation can be scanned and attached to your electronic filing through Revenue Online or most tax software, mailed with the DR 1778 or included with your paper return.

We recommend that you read the Corporate Income Tax Guide if these subtractions apply to you:

- Colorado income tax refund—the amount of any Colorado income tax refund that was included on line 3.
- Gross up provisions—the amount of any IRC section 78 gross up provisions that was included on line 3.
- Various credits – the amount of any wages or salaries for which the federal deduction was disallowed by section 280C of the Internal Revenue Code because a federal credit was claimed for such wages or salaries.

Line 15

Enter the sum of lines 9 through 14.

Taxable Income**Line 16**

Calculate your modified federal taxable income by subtracting line 15 from line 8.

Line 17

Enter the Colorado taxable income before net operating loss deduction. This amount is transferred from line 16 if not apportioning income. Otherwise, for corporations that are apportioning income, this amount shall be transferred from line 14 of the DR 0112RF.

Line 18

The Colorado net operating loss is calculated in the same manner as the federal net operating loss deduction, except that in the case of a corporation apportioning income, it is the part of the federal net operating loss (as modified that is from Colorado sources. If line 17 is less than or equal to 0 (zero), enter 0 (zero) on line 18 and proceed to line 19. Otherwise, calculate the Colorado net operating loss as follows.

- a. Enter the lesser of line 17 or Colorado net operating losses being carried forward from tax years beginning before January 1, 2018.
- b. Subtract line 18(a) from the amount on line 17.
- c. If line 18(b) is 0 (zero), enter 0 (zero). Otherwise, enter the lesser of:
 - Colorado net operating losses being carried forward from tax years beginning on or after January 1, 2018; or
 - 80% of the amount on line 18(b).

For most taxpayers, losses carried forward from tax years beginning on or after January 1, 2018 cannot exceed 80% of Colorado taxable income (after deducting pre-2018 losses).

- d. Enter the sum of lines 18(a) and 18(c).

We suggest that you read the Corporate Income Tax Guide if this applies to you.

Line 19

Calculate your Colorado taxable income by subtracting line 18(d) from line 17.

Tax**Line 20**

Calculate your Colorado tax. Multiply line 19 by the tax rate of 4.55%.

Credits**Line 21**

Complete the DR 0112CR to calculate this line. Transfer the amount of nonrefundable credits from line 28 of the DR 0112CR. You must submit the DR 0112CR with your return.

Line 22

Use your tax software, Revenue Online or the DR 1366 to calculate the total amount of nonrefundable enterprise zone credits being used to offset the current year tax liability. The sum of lines 21, 22, and 23 cannot exceed tax on line 20. You must submit the DR 1366 and a copy of each certificate with your return. **The Department strongly recommends electronic filing for taxpayers with enterprise zone credits. Failure to file electronically may result in delays processing your return.**

Line 23

Use your tax software, Revenue Online or the DR 1330 to calculate the total amount of nonrefundable Strategic Capital Tax Credits being used to offset the current year tax liability. Complete the DR 1330 and transfer amount on line 6b to this line. The total nonrefundable Strategic Capital Tax Credits used combined with nonrefundable credits from lines 21 and 22 cannot exceed the amount on line 20. You must submit

the DR 1330 and a copy of each certificate with your return. **The Department strongly recommends electronic filing for taxpayers with Strategic Capital Tax credits. Failure to file electronically may result in delays processing your return.**

Line 24

Subtract the sum of lines 21, 22, and 23 from line 20. Enter '0' if the sum of lines 21, 22 and 23 is a negative number.

Line 25

Corporations required to recapture federal investment credits with respect to Colorado assets must recapture the "old" Colorado investment credits as well. Include any investment credit recapture, historic property preservation credit recapture, low income housing credit recapture, or any other credit recapture. Submit an explanation that itemizes each recaptured amount calculated for this line. The explanation can be scanned and attached to your electronic filing through Revenue Online or most tax software, mailed with the DR 1778 or included with your paper return.

Line 26

Enter the sum of lines 24 and 25.

Line 27

Carefully review payment records before completing this line. Use Revenue Online (Colorado.gov/RevenueOnline) to verify estimated taxes paid on the account. Doing so will reduce processing delays. Enter the amount of credit for prepayments. Include the sum of the following on line 27:

- Estimated tax payments for 2020; *and*
- Any overpayment from 2019 that was carried forward to 2020; *and*
- Extension payment(s) remitted with the DR 0158-C; *and*
- Payments remitted with DR 1079 to satisfy withholding requirements for the sale of Colorado real estate that closed during the tax year for which you are filing this return. You must submit the DR 1079 with your return.

Line 28

Enter the amount of withholding reported on Form W-2G from lottery or gambling winnings.

Line 29

Complete all applicable parts of the DR 1305. Enter the amount from the DR 1305G line 33. You must submit the DR 1305G with your return.

Line 30

Complete one Form DR 0617 for each vehicle, truck, trailer, or modification claimed, then enter the amount (or sum) from each DR 0617 line 9 and/or line 18. You must submit each DR 0617 with your return.

NOTE: If you assigned the credit to a financing entity you will not submit a Form DR 0617. For each DR 0617, you must also submit copies of the purchase invoice, lease agreement, or conversion receipts, along with proof of permanent Colorado registration or in the case of a truck or trailer a copy of the IRP (International Registration Plan) for each vehicle for which you are claiming a credit. For financing entities that

accept assignment of the credit, a completed Form DR 0618 must be submitted for each vehicle claimed. For additional information, please refer to FYI Income 69.

Line 31

The income tax credit for business personal property taxes is limited to \$18,000 of the actual value of your personal property that you paid tax on during 2020. This is different than real property, which is not eligible for this credit. If your actual value is less than \$18,000, you can claim the total amount of the assessment you paid, and you must include the assessor's statement(s) for which you are claiming the credit. To find your actual value, either look for it on your statement, or find your assessed value and divide it by 0.29.

Actual Value = Assessed Value/0.29.

If you own personal property whose actual value is above \$18,000 for which you were assessed, you can only claim the assessment on the first \$18,000 of the property in question. You will need to prorate your assessment with the following formula:

$$\frac{18,000}{\text{actual value}} * \text{assessment} = \text{allowable credit}$$

For example, if your assessment was \$2,000 for personal property tax paid in 2020, but your actual value was \$25,000, you would be permitted to claim \$1,440 (72% of the tax assessed or $(\$18,000/\$25,000)*\$2,000$).

Please include a copy of your property tax statement for property tax paid in 2020.

Line 32

Enter the amount from form DR 1366 line 88. You must submit the DR 1366 and a copy of each certificate with your return. **The Department strongly recommends electronic filing for taxpayers with enterprise zone credits. Failure to file electronically may result in delays processing your return.**

Line 33

Enter the sum of lines 27 through 32 if filing a paper return. **If the amount of line 26 exceeds the amount of line 33, additional tax is due with this return, continue to line 34. If not, go to line 39.**

Line 34

Subtract line 33 from line 26.

Line 35

Calculate any penalty owed for delinquent filing or payment. The penalty is the greater of \$5 or 5% of the net tax due for the first month after the due date and increased by 0.5% for each additional month past the due date. The maximum penalty is 12%. If you prefer not to calculate this penalty, the Department will bill you.

Line 36

Calculate any interest owed for delinquent filing or payment. The interest rate is 3% of the net tax due. If you prefer not to calculate this interest, the Department will bill you. Interest on any bill issued that remains unpaid after 30 days of issuance will increase to 6%.

Line 37

To calculate this penalty, complete the DR 0205. Enter any estimated tax penalty owed on this line. You must submit the DR 0205 with your return. If you over compute your estimated tax penalty from what the Department calculates, any amount of overpayment of penalty will be refunded to you.

Line 38

Enter the sum of lines 34 through 37. Payment can be made electronically at:

- *Colorado.gov/RevenueOnline ; or*
- *Tax.Colorado.gov/electronic-funds-transfer ; or*
- If you are filing this return WITH a check or payment, please mail the return to:

**Colorado Department of Revenue
Denver, CO 80261-0006**

Line 39

Subtract line 26 from line 33.

Line 40

Enter the amount you would like to be available for 2021 estimated tax.

Line 41

Subtract line 40 from line 39 to calculate the amount of your refund.

Direct Deposit

You have the option of authorizing the Department to directly deposit these funds into your bank account. Otherwise, a refund check will be mailed to the address you have designated on this return.

Enter the routing and account numbers and account type. The routing number is 9 digits. Account numbers can be up to 17 characters (numbers and/or letters). Include hyphens, but do NOT enter spaces or special symbols. We recommend that you contact your financial institution to ensure you are using the correct information and that they will honor a direct deposit.

Intercepted Refunds

The Department will intercept your refund if you owe back taxes or if you owe a balance to another Colorado government agency or the IRS.

Section C

Enter the name, phone, and address of the party responsible for maintaining the books belonging to this corporation.

Section D

Enter the 6-digit North American Industry Classification System (NAICS) number that best describes the purpose of this business. Use the same code used on the federal return.

Section E

Enter the year the corporation began doing business in Colorado.

Section F

Mark the "Yes" box to appoint the paid preparer entered on the return as the designee to receive and inspect confidential tax

information related to this tax return. If a firm or organization is listed, this tax information authorization will apply to any of its employees. The designee may:

- call for information about the return, including processing time and refund status;
- request copies of notices, bills or transcripts related to the return, *and*
- respond to inquiries regarding calculations and supporting documentation for the return.

However, a designee cannot sign any form or protest, request any other change to the account, receive any refund, or otherwise represent or act on behalf of the taxpayer with the Colorado Department of Revenue.

This authorization expires four years after the date the return is signed. A taxpayer may change or revoke it, or an appointee may withdraw from it. For more information, see the instructions for form DR 0145, Tax Information Authorization or Power of Attorney for Department-Administered Tax Matters and submit via Revenue Online.

Section G – H

Complete the data as requested.

Signature

The law requires the return to be signed under penalty of perjury. Persons authorized to sign this return must either be the president, vice president, treasurer, assistant treasurer, chief accounting officer, or other officer that is duly authorized to act on behalf of the corporation. In cases where receivers, trustees in bankruptcy, or assignees are operating the property or business of corporations, such receivers, trustees, or assignees shall make returns for such corporations in the same manner and form as corporations are required to make returns.

Amendments

If an amended return is filed with the IRS, or if the IRS changes the content of the return, an amendment must be filed with Colorado. Use Revenue Online or the DR 0112X to amend the Colorado return. If the corporation operates in multiple states, the Department will accept the revenue agent report (RAR) in lieu of an amended return. Be sure to list the Colorado Account Number on the RAR before mailing a copy to one of the addresses below:

If you are filing this return WITH a check or payment, please mail the return to:
