Colorado Retail Sales Tax Return

General Information

Retailers must file a sales tax return for every filing period, even if the retailer made no sales during the period and no tax is due. Typically, returns must be filed on a monthly, quarterly, or annual basis. See *Part 7: Filing and Remittance* in the *Colorado Sales Tax Guide* for additional information regarding filing frequency.

A separate return must be filed for each business site or location at which a retailer makes sales. If a retailer fails to file a return for any filing period, the Department will estimate the tax due and issue to the retailer a written notice of the estimated tax due. The Department may deactivate the sales tax account of a retailer who fails to file returns for successive filing periods.

Electronic Filing Information

The Department offers multiple electronic filing options that retailers may use as an alternative to filing paper returns.

- **Revenue Online** – Retailers must first create a Revenue Online account to file returns through Revenue Online. Retailers who file returns through Revenue Online must file separate returns for each of the retailer's business sites or locations. Revenue Online can be accessed at Colorado.gov/RevenueOnline.
- **Sales & Use Tax System (SUTS)** – This portal allow retailers to file retail sales tax returns for state, state-collected, and participating home-rule self-collecting taxation jurisdictions (Tax.Colorado.gov/SUTS-Jurisdictions) in one place. Retailers must first create a SUTS user ID and connect their Colorado Sales Tax account within the SUTS platform in order to file and pay sales tax through SUTS. The SUTS portal can be accessed at Tax.Colorado.gov/SUTS.
- **XML Filing** – Retailers may file returns electronically in an XML (Extensible Markup Language) format using any of the approved software options listed online at Tax.Colorado.gov/software-developers-sales-tax. Retailers do not need to obtain any special approval from the Department to file using an approved software option.
- **Spreadsheet Filing** – Retailers may file electronically using an approved Microsoft Excel spreadsheet. Each retailer must obtain approval from the Department before filing returns with an Excel spreadsheet. Information can be found online at Tax.Colorado.gov/sales-tax-spreadsheet-filing.

Payment Information

The Department offers retailers several payment options for remitting sales taxes.

Electronic Payments

Regardless of whether they file electronically or with a paper return, retailers can remit payment electronically using one of the following payment methods. Retailers who remit electronic payments should check the appropriate box on line 19 of the return to indicate their electronic payment.

- **EFT Payment** – Payment can be remitted by electronic funds transfer (EFT) via ACH credit. There is no processing fee for EFT payments. See Electronic Funds Transferred (EFT) Program For Tax Payments (DR 5782) and Electronic Funds Transfer (EFT) Account Setup For Tax Payments (DR 5785) for additional information. EFT numbers will no longer be issued. ACH Credit payments can be made using a SSN, FEIN or CAN in the same place in the file that an EFT number is entered. A DR 5785 does not need to be submitted before the financial institution can start sending ACH Credit payment files.
- **Direct Debit** – Retailers can remit payment electronically by direct debit online at Colorado.gov/RevenueOnline. Retailers must be logged into their Revenue Online account to make direct debit payments. There is no processing fee for direct debit payments.
- **Credit Card and E-Check** – Retailers can remit payment electronically by credit card or electronic check online at Colorado.gov/RevenueOnline. A processing fee is charged for any payments remitted by credit card or electronic check.

Paper Check

Regardless of whether they file electronically or with a paper return, retailers can remit payment with a paper check. Retailers should write “Sales Tax,” the account number, and the filing period on any paper check remitted to pay sales tax to ensure proper crediting of their account.

- **Paper Return** – Retailers who file a paper return can mail a paper check with the return to pay the tax reported on the return.
- **Electronic Filing Through Revenue Online** – A retailer who files electronically through Revenue Online can remit payment by paper check. Once the electronic return has been submitted, the retailer can select “Payment Coupon” for the payment option to print a payment processing document to send along with their paper check.

Physical And Non-Physical Sites

A retailer is required to obtain a sales tax license and file separate sales tax returns for each separate place of business at which the retailer makes sales (a “physical site”). Additionally, if a retailer delivers taxable goods or services to a purchaser at any location other than the retailer’s place of business, the retailer must register with the Department a “non-physical site” for each location jurisdiction code into which goods or services are delivered (see Department publication Location/Jurisdiction Codes for Sales Tax Filing (DR 0800) for information about location jurisdiction codes). A “non-physical site” is required for deliveries even if the retailer has a physical site within the same location jurisdiction code. A separate return must be filed for each physical site and each non-physical site.

Filing A Paper Return

Retailers electing to file a paper return must sign, date, and mail the return, along with their payment, if applicable, to:

Colorado Department of Revenue
Denver CO 80261-0013

Retailers are required to keep and preserve for a period of three years all books, accounts, and records necessary to determine the correct amount of tax.

Items Removed From Inventory

Any tangible personal property a retailer purchased for resale, but subsequently removed from inventory for the retailer's own use, is subject to consumer use tax. A Consumer Use Tax Return (DR 0252) is required to report and remit any consumer use tax a retailer owes.

Additional Resources

Additional sales tax guidance and filing information can be found online at Tax.Colorado.gov. These resources include:

- Colorado Sales Tax Guide
- Sales tax classes and videos available online at Tax.Colorado.gov/education.
- The Customer Contact Center, which can be contacted at (303) 238-7378.

Form Instructions

In preparing a sales tax return, a retailer must include its identifying information (such as name and account number), the filing period and due date, and information about sales and exemptions in order to calculate the tax due. Specific instructions for preparing sales tax returns appear below and on the following pages.

SSN and FEIN

Retailers must provide a valid identification number, issued by the federal government, when filing a sales tax return. If the retailer is a corporation, partnership, or other legal entity, this will generally be a Federal Employer Identification Number (FEIN). If the retailer is a sole proprietorship, a Social Security number (SSN) will generally be used instead.

Colorado Account Number

Retailers must enter their Colorado account number on each return, including both their eight-digit account number and the four-digit site/location number (for example: 12345678-0001). If a retailer makes sales at different locations, the retailer must file a separate return for each location. Returns must also be filed for each location jurisdiction code area into which the retailer makes deliveries during the tax period. The eight-digit account number will be the same for each location or site, but the four-digit site/location number will be unique for each location or site.

If you have applied for your license, but do not have your account number, please contact the Customer Contact Center at (303) 238-7378 for assistance.

Period

Retailers must indicate the filing period for each return. The filing period is defined by the first and last months in the filing period and entered in a MM/YY-MM/YY format. For example:

- For a monthly return for January 2020, the filing period would be 01/20-01/20.
- For a quarterly return for the first quarter (Jan. through March) of 2020, the filing period would be 01/20-03/20.
- For an annual return filed for 2020, the filing period would be 01/20-12/20.

Location Juris Code

Retailers must enter the six-digit location jurisdiction (juris) code to identify the site/location of sales reported on the return. For physical site/locations, the code appears on the retailer's Sales Tax License under 'Liability Information.' A complete listing of location juris codes can be found in Department publication Location/Jurisdiction Codes for Sales Tax Filing (DR 0800).

DO NOT SEND

DR 0100 (09/30/24)
COLORADO DEPARTMENT OF REVENUE
Denver CO 80261-0013
Tax.Colorado.gov

Due Date

Retailers must enter the due date for the return. Returns are due the 20th day of the month following the close of the filing period. If the 20th is a Saturday, Sunday, or legal holiday, the return is due the next business day.

Monthly Returns: due the 20th day of the month following the reporting month.

Quarterly Returns:

1st quarter (January – March): due April 20

2nd quarter (April – June): due July 20

3rd quarter (July – September): due October 20

4th quarter (October – December): due January 20

Annual Returns: (January – December): due January 20

Amended Returns

If a retailer is filing a return to amend a previously filed return, the retailer must mark the applicable box to indicate that the return is an amended return. A separate amended return must be filed for each filing period and for each site/location. The amended return replaces the original return in its entirety and must report the full corrected amounts, rather than merely the changes in the amount of sales or tax due. If the amended return reduces the amount of tax reported on the original return, the retailer must file a Claim for Refund (DR 0137) along with the amended return to request a refund of the overpayment. If the amended return is filed after the due date and reports an increase in the amount of tax due, penalties and interest will apply.

State and State-Collected Local Sales Taxes

The Colorado Retail Sales Tax Return (DR 0100) is used to report not only Colorado sales tax, but also sales taxes administered by the Colorado Department of Revenue for various cities, counties, and special districts in the state. The sales taxes for different local jurisdictions are calculated and reported in separate columns of the DR 0100. Local sales taxes reported on the DR 0100 include:

- **RTA** – Sales taxes for the Regional Transportation Authority (RTA) are reported in the RTA column of the DR 0100.
- **RTD/CD** – Sales taxes for the Regional Transportation District (RTD) and the Scientific and Cultural Facilities District (CD) are reported in the RTD/CD column of the DR 0100.
- **Special District** – Special district sales taxes are reported in their specific columns and labeled as: HSD, MDT, MHA, PSI and FPD. The special districts are Health Services District (HSD), Metropolitan District Tax (MDT), Multi-Jurisdictional Housing Authority (MHA), Public Safety Improvements (PSI) and Fire Protection District (FPD). Sales taxes for Mass Transportation Systems (MTS) and Local Improvement Districts (LID) are not reported in their own column, but are instead reported in the County/MTS and City/LID columns, respectively. Sales taxes for Early Childhood Development (ECD), Rail District (RD) and Ambulance District are reported on the Colorado Special District Sales Tax Return Supplement (DR 0200).
- **County/MTS** – County and Mass Transportation Systems (MTS) sales taxes administered by the Department are reported in the County/MTS column.
- **City/LID** – City and Local Improvement Districts (LID) sales taxes administered by the Department are reported in the City/LID column.

Many home-rule cities in Colorado administer their own sales taxes. Sales taxes for these self-collected home-rule cities cannot be reported and remitted with the DR 0100. Retailers must report such taxes directly to the applicable city.

See Department publication Colorado Sales/Use Tax Rates (DR 1002) for tax rates, service fee rates, and exemption information for state and state-administered sales taxes. This publication also contains a list of self-administered home-rule cities.

Avoiding Common Filing Errors

You can avoid several common errors by reviewing your return before filing it to verify that:

- You completed all applicable lines of the return.
- You completed all five pages of the return, including Schedule A and Schedule B for all 10 columns, to include all the special districts. You must complete and submit all five pages when filing your return, even if you have no deductions or exemptions to report on Schedule A or Schedule B.
- You used the correct version of the form, depending on the filing period. There are different versions of the sales tax return for each year 2016 through 2025.
- You entered your account number and site number correctly on your return.
- You used the correct tax rate for each jurisdiction reported on your return. See Tax.Colorado.gov/how-to-look-up-sales-use-tax-rates for information about state and local tax rates.

Additional information about common filing errors can be found online at

Tax.Colorado.gov/sales-tax-filing-information.

Specific Line Instructions

Retailers must complete all applicable lines, including lines 1, 2, 3, 4, 14, and 19, entering 0 (zero), if applicable. Retailers must also include Schedules A and B for each site/location.

Line 1. Gross sales of goods and services for this site/location only

Enter the gross sales of goods and services made during the filing period. Include only sales sourced pursuant to state law to the site/location indicated on the return. See *Part 7: Retail Sales* in the *Colorado Sales Tax Guide* for additional information regarding sourcing.

Do not include on a return for any physical site any sales delivered to the purchaser and sourced for sales tax purposes to another location. For non-physical sites, include all sales delivered and sourced to the location jurisdiction code associated with the non-physical site. Include all sales of goods and services, whether taxable or not, and the collection during the filing period of any bad debts deducted on a return filed for a previous filing period.

Line 6. Tax rate

Enter the applicable state, city, county, and/or special district tax rate in each column of the return. The Colorado state sales tax rate is 2.9%. The sales tax rates for each city, county, and special district can be found in Department publication Colorado Sales/Use Tax Rates (DR 1002) or online at Colorado.gov/RevenueOnline.

Line 8. Excess tax collected

Enter any tax collected in excess of the tax due as computed on line 7. For example, if the retailer collected \$50 of county sales tax during the filing period, but only \$45 of tax is calculated in the County/MTS column of the return, the excess \$5 of tax collected must be reported on this line.

Line 10 and 11. Service Fee Rate and Service Fee

Returns and payments made after the due date are not eligible for a service fee. Information on Amended returns is listed later in the instructions. Retailer's paying and filing a timely return, may be eligible for a service fee. To determine if the business is eligible, review the guidance below based on the number of locations.

DO NOT SEND

DR 0100 (09/30/24)
COLORADO DEPARTMENT OF REVENUE
 Denver CO 80261-0013
Tax.Colorado.gov

Single Location Filers:

Have it calculated for you by filing returns using Revenue Online. Revenue Online can be accessed at Colorado.gov/RevenueOnline.

OR

The service fee is calculated by multiplying the amount on line 9 by the rate on line 10.

The full amount calculated should be entered on line 11, unless the return is filed after the due date or possibly if the return is an amended return. Both of these situations are addressed in the following instructions.

- If the amount in the state column, line 5 (net taxable sales) is \$1,000,000 or greater, enter \$0. You are not eligible for the state service fee.
- Retailers with multiple sites must add the amounts in the state column, line 5 for all sites. If the sum is \$1,000,000 or greater, enter \$0. You are not eligible for the state service fee.
- Retailers whose net taxable sales are \$1,000,000 or less are eligible for the lesser of a state service fee equal to 4% (.04) or \$1,000. The maximum allowed service fee is \$1,000.00.

State Service Fee		
Net Taxable Sales	Service Fee Rate	Maximum Service Fee Allowed
Up to \$1,000,000	4.0%	\$1,000
Greater than \$1,000,000	0.0%	\$0.00

City, County and Special District Service Fee Rates	
Service Fee Rates	Service fee rates for each city, county, and special district can be found in Department publication Colorado Sales/Use Tax Rates (DR 1002).

Multiple Location Filers:

Have it calculated for you by filing returns using Revenue Online. Revenue Online can be accessed at Colorado.gov/RevenueOnline.

OR

State Service Fee	
Service Fee Limits: <ul style="list-style-type: none"> • The total Colorado state service fee for all sites/locations combined is limited to \$1,000.00. If the Net Taxable Sales (line 5) for all sites/locations combined are greater than \$1,000,000, the state service fee is not allowed. 	
Step 1	For each location, multiply the amount on line 9 by the rate on line 10. This amount will be entered on the DR 0100 form for each site/location.
Step 2	Complete the State Service Fee Worksheet (Form DR 0103) to calculate the addback amount due with your return based on the above service fee limits. Do not enter the amount calculated on Form DR 0103 on the DR 0100. The sum of the balances entered on line 19 of DR 0100 for all sites/locations and the service fee add back amount calculated on Form DR 0103 will be added together.

DO NOT SEND

DR 0100 (09/30/24)
COLORADO DEPARTMENT OF REVENUE
Denver CO 80261-0013
Tax.Colorado.gov

City, County and Special District Service Fee Rates

Service Fee Rates	Service fee rates for each city, county, and special district can be found in Department publication Colorado Sales/Use Tax Rates (DR 1002).
-------------------	--

Amended Returns:

If the return is an amended return and the tax reported on the original return was not paid by the due date for the return, the allowable service fee on the amended return is \$0.

If the tax reported on the original return was paid by the due date and the amended return reports an increase of the tax due, the allowable service fee on the amended return is equal to the service fee allowed on the original return. Enter on line 11 of the amended return the service fee allowed on the original return. No additional service fee is allowed for the additional tax reported on the amended return.

If the tax reported on the original return was paid by the due date and the amended return reports a decrease of the tax due, enter on line 11 the amount calculated by multiplying the amount on line 9 of the amended return by the service fee rate on line 10.

Line 13. Credit for tax previously paid

If a retailer overpaid tax on any previously filed return for a different filing period, the retailer may claim a credit against tax calculated on the current return for such prior overpayment. Credit may be claimed only for tax overpayments for the same site/location and the same state or local jurisdiction.

Do not use this line for any of the scenarios below:

- Duplicate payments
- An amended return has been filed
- The Department adjusted the tax for the prior filing period.
- It is barred by statute of limitations (See Colorado Sales Tax Guide)

Line 15. Penalty

If any retailer does not, by the applicable due date, file a return, pay the tax due, or correctly account for tax due, the retailer will owe a penalty. The penalty is 10% of the tax plus 0.5% of the tax for each month the tax remains unpaid, not to exceed a total of 18%. The minimum penalty amount is \$15.

Line 16. Interest

If the tax is not paid by the applicable due date, the retailer will owe interest calculated from the due date until the date the tax is paid. See Tax Topics: Penalties and Interest for interest rates and information about interest calculation.

Line 19. Balance Due

The total amount on line 19 includes the totals from lines 17 of all 10 columns; of which are divided into sets of 5 showing separately on pages 2 and 3 and from line 18.

Schedule A and Schedule B

Schedule A and Schedule B are used to report various deductions and exemptions. Any amounts entered on lines 2 or 4 of the return may be disallowed if Schedules A and B for each site/location are not completed and included with the return. In general, Schedule A includes deductions and exemptions that are not optional for state-administered local jurisdictions and Schedule B includes exemptions that are optional for local jurisdictions. See the Supplemental Instructions available online at Tax.Colorado.gov/sales-tax-filing-information for guidance regarding specific deductions and exemptions.
