

Colorado Earned Income Tax Credit for ITIN Filers or Certain Filers Under Age 25

You must include a copy of this completed form with your tax return.

General Instructions

If you were able to claim a federal earned income tax credit (EITC) including your spouse and up to three of your dependents, do not use this form.

You may be able to claim a Colorado Earned Income Tax Credit (COEITC) with this form, if you could not claim a federal EITC for this tax year because:

- a) you, your spouse, or your dependents have an Individual Taxpayer Identification Number (ITIN) or a Social Security Number (SSN) that is not valid for employment; or
- b) you were under age 25 with no qualifying children, but you have a work-eligible social security number and meet the requirements for Certain Filers Under Age 25 (see below).

In addition, if you were able to claim a federal EITC, but you were not able to include some of your dependents only because they have an ITIN or SSN that is not valid for employment, then you may be able to claim a higher COEITC with this form.

Start by completing the eligibility checklist. If you are eligible, then complete the form to calculate your earned income and the federal EITC you would have been allowed if you met all of the federal requirements. Complete any section of the form that applies to your situation. Then transfer the applicable amount to form DR 0104CR as directed.

For more information, see Colorado publication *Income Tax Topics: Earned Income Tax Credit* and *IRS Publication 596*, but note that the COEITC allows an exception to either the IRS's SSN requirements or the minimum taxpayer age.

Colorado Residency. This credit is allowed to both full-year and part-year residents of Colorado. See Part 1 of the *Colorado Individual Income Tax Guide* for more information about Colorado residency.

Specific Instructions

Clergy. Complete Line 2 and Part I of Section B if you were a minister, member of religious order who has not taken a vow of poverty, or Christian Science practitioner.

Other Church Employees. Complete Line 3 and Part I of Section B if you were a non-clergy employee of a church or qualified church-controlled organization that is exempt from employer Social Security and Medicare taxes.

Nontaxable Pay. You may elect to exclude or include nontaxable pay as follows.

Medicaid Waiver Payments. Complete Line 4 if you reported nontaxable Medicaid waiver payments on Federal Form 1040, line 1, and you elect to exclude them from your earned income. For more information, see the instructions for Federal Form 1040.

You may file a 1040 adjacent form such as the 1040SP or 1040SR. Often these forms have the same line reference as the 1040. Be sure to double check the cited line references on this form with the 1040 form you're filing.

Combat Pay. Complete Line 7 if you received nontaxable combat pay on form W-2, box 12, code Q, and you elect to include it in your earned income.

Effect of Election. Electing to exclude Medicaid waiver payments or include combat pay in your in earned income may increase or decrease your COEITC. For examples, see Rule 15 in IRS Publication 596.

For each of these elections, you must enter all of the nontaxable pay you received of that type. However, if you are filing jointly and your spouse also received the same type of nontaxable pay, your spouse may make a separate election. Therefore, one spouse may exclude Medicaid waiver payments or include combat pay, but the other spouse may elect not to.

Additional Federal Income Schedules. Complete Section B using the appropriate amounts from Federal Schedules SE, C, F, and K-1, if applicable.

Credit Calculation. Complete Section C by entering the sum of your earned income, looking it up in the Federal EIC Table in IRS Publication 596, and entering the credit amount for your filing status and number of qualifying children. Do the same for your adjusted gross income if necessary, and then calculate your COEITC.

Qualifying Children. Complete Section D if you are claiming qualifying children for the COEITC. See the eligibility checklist for more information about the qualifications.

Deceased Child. Only check the "Deceased" box if the child was born and died in this tax year and was not assigned an SSN or ITIN. In that case, you must submit a copy of the child's birth certificate, death certificate, or hospital records showing a live birth with your return.

Disabled Child. Your child qualifies as permanently and totally disabled if:

- a) The child can't engage in any substantial gainful activity because of a physical or mental condition; and
- b) A doctor determines the condition has lasted or can be expected to last continuously for at least a year or can lead to death.
