DR 0233 (07/30/25)  
COLORADO DEPARTMENT OF REVENUE  
[Tax.Colorado.gov](http://Tax.Colorado.gov)

## 2025 Computation of Penalty Due Based on Underpayment of Colorado Estimated Tax for a Partnership and S Corporation

### Instructions

#### Part 1:

In general, a partnership or S corporation must remit four quarterly estimated tax payments if its net Colorado tax liability for the tax year either with a composite nonresident return or as a result of SALT Parity ACT Election exceeds \$5,000.

#### Part 2:

The required annual amount to be paid is the lesser of:

1. 70% of actual net Colorado tax liability, or
2. 100% of preceding year's Colorado tax liability only applies if:
  - The preceding year was 12-month tax year, and
  - The partnership or S corporation filed a Colorado return, and
  - The partnership or S corporation did not have taxable income of \$1,000,000 or more for any of the three immediately preceding taxable income years.\*

\*A partnership or S corporation that had a taxable income of \$1,000,000 or more in any of the three immediately preceding tax years (making it a "large partnership" or "large S corporation") can base its first quarter estimated tax payment on 25% of the previous year's tax liability. However, future payments must be based on the actual tax liability for the current tax year and any underpayment occurring in the first quarter as a result of this estimation must be paid with the second quarterly payment.

#### Part 3:

Compute the penalty on lines 10 through 22 of DR 0233. Complete each column before going to the next column. The dates to be entered on line 10 are the 15th day of the fourth, sixth, ninth and twelfth month of the taxable year. Large partnerships and large S corporations must complete line 11 based on the computations from line 9.

*Partnerships and S corporations filing for a short tax year must adjust lines 9, 10 and 11 accordingly. For more information about filing for short tax years, see the Corporate Income Tax Guide, available at [Tax.Colorado.gov](http://Tax.Colorado.gov)*

Colorado law does not provide an option for partnerships or S corporations to compute their estimated payments using an annualized income installment method. However, no estimated tax penalty is due for the underpayment of estimated tax if the Department determines that the underpayment was due to good cause shown by the taxpayer. Partnerships or S corporations that do not receive income evenly during the year may submit with their return a statement regarding their estimated payments and the cause for any underpayment.

**This form should be included with your completed DR 0106 form.**  
**Visit [Tax.Colorado.gov](http://Tax.Colorado.gov) for additional information regarding the estimated tax penalty.**
