Employer Contributions to Employee 529 Qualified State Tuition Program

The Qualified State Tuition Savings Program must be administered by CollegeInvest C.R.S. 39-22-539

An employer who contributes directly to an employee's 529 qualified state tuition program account administered by CollegeInvest is allowed to claim a credit against the employer's income taxes. The employee must be the account owner.

As used in:

- **a.** A 529 qualified state tuition program account is a state tuition program account established by CollegeInvest created in section 23-3.1-203, C.R.S.
- **b.** An employer is any person doing business in the state, and an employee is any person in the employment of the employer for salary or for hourly wages, whether full-time or part-time and whether temporary or permanent.

The employer is allowed to claim a credit in an amount equal to 20% of the contribution. The maximum credit an employer may claim for each employee in a taxable year is \$500.

The credit is neither transferable nor refundable, but may be carried forward on the employer's return for up to three years.

In order to claim the credit for employer contributions to more than 9 qualified employee accounts, the income tax return must be electronically filed.

If the return cannot be filed electronically, you may submit one 1st page of form DR 0289 with multiple 2nd pages along with the paper return.

Note - If all of the tax credits for each employee do not sum up correctly to the total, the return may be adjusted and credits reduced or denied.
