Prepaid Wireless Return

General Instructions

What's New:

Effective January 1, 2026, the prepaid wireless Telecommunications Relay Service (TRS) charge that was a percentage of the purchase price is replaced with the prepaid Telephone Disability Access (TDA) charge that is a flat amount per transaction. To file for prior periods with the TRS charge, use a prior version of this form.

Who must file a return:

All retailers and sellers who sell prepaid wireless telecommunications service must collect the prepaid wireless 911, 988, and Telephone Disability Access (TDA) charges. All three charges are based on the number of transactions. Providers who offer free prepaid lifeline services must pay the 911 and 988 charges on the number of transactions. An exemption is allowed on the TDA charge for federally supported lifeline services. The charges must be collected at the time a consumer purchases prepaid wireless service at a retail location in Colorado or on any purchase made by a consumer who has a Colorado address or whose mobile phone number is associated with a Colorado location.

When returns must be filed:

Returns are due on the same day as the Colorado Sales/Use Tax Return. A return must be filed even if no balance is due. If no charge is due, enter zero on the total remitted line. This return must be filed or postmarked on or before the 20th of the month. If the due date falls on a holiday or weekend, the return and payment are considered due on the next business day.

Records:

A copy of this return and records of both purchases and sales including sales invoices and purchase orders, must be retained for a period of three years. The burden of proof for exempt sales rests with the vendor. Retain copies of sales tax reports. Records must be available for inspection by authorized representatives of the Colorado Department of Revenue.
